Where Values Make The Difference

PHILOSOPHY OF THE RECREATION SWIM TEAM PROGRAM

The Chandler recreation swim teams are organized to serve the needs and potential development for children and teens that are interested in a swim team experience. Through the recreation design of the program, it is intended that all children who participate will enhance their physical and mental fitness.

Through participation in the program, it is hoped that participants will have a positive experience, and develop positive attitudes, learn good sportsmanship, teamwork and self-esteem from their accomplishments. It is also hoped that participants will learn the rules of the sport, correct stroke techniques, and realize their potential through self-discipline and hard work.

This program was developed to allow family participation. Parents are highly encouraged to become involved with this program through volunteering their services or being supportive spectators.

OBJECTIVES OF THE PROGRAM

1. To provide basic competitive swimming skills. (Participants should already have basic beginning swimming skills.)
2. To provide a SAFE, fun and positive atmosphere.
3. Provide opportunities for participants to develop their swimming skills through organized training and self-discipline.
4. Allow participants to gain self-esteem and confidence through personal accomplishments.

These volunteers will be responsible for assisting at home swim meets as: judges, timers, starter, clerk of the course, etc. In order for this team to be successful, a strong parent-volunteer group is needed!
